

What's Changing - Accounts Payable
Distribute by Method no Longer Changeable on PO

NEW FUNCTIONALITY	WHAT IT MEANS TO YOU
<p>The Distribute By Method will no longer be able to be changed on PO vouchers.</p>	<p>When a PO is copied into a voucher, the Distribute By Method (quantity or amount) is defaulted into the voucher from the PO. Users will no longer be able to change this method on the voucher. If the method was entered incorrectly on the PO, a change must be done to the PO before being copied into the voucher. This change will help keep the PO and voucher in sync and help alleviate multiple problems incurred at the end of the fiscal year during PO Rollover.</p>
